Dear Community Partner

The Pearls of Service Foundation of Central Texas is organized exclusively for charitable and educational purposes. Our Mission is to support and initiate educational programs that will serve the citizens of Central Texas. This includes the encouragement of higher or secondary education, providing financial assistance through scholarship to deserving students, and to support and initiate programs with institutions, groups and industries that have a common concern for the community and its general welfare.

Since the Foundation's inception, we are fortunate to have awarded \$10,000 annually to deserving students beginning their college education. We have also supported several local non-profit organizations with monetary and supply donations.

Your tax-deductible donation will ensure that we are able to achieve our goal of providing students with financial assistance as they embark upon their journey of higher education and supporting our local community. The generous donation will enable us to make a positive impact where we live and serve. Together, we can create a brighter future for everyone in our community.

Thank you for your consideration and generous support.

Sincerely,

Melanie P. Jones, President
